EXAMINER'S AMENDMENT

The following minor changes are made to more clearly identify the figures and avoid problems in the printing process.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification

In the specification, on page 11,
line 14, change "FIG. 17 is a view" to ---FIGS. 17(A) to 17(D) are views---,
line 17, change "FIG. 18 is a view" to ---FIGS. 18(A) to 18(D) are views---,
line 20, change "FIG. 19 is a view" to ---FIGS. 19(A) to 19(C) are views---.

In the Drawings

The following changes to the drawings have been approved by the examiner: In figure 6, instead of the whole page being labeled as FIG. 6, each figures should be separately labeled, such as FIG. 6(A), FIG. 6(B), etc. The examiner has amended the written description accordingly. Likewise, in figures 17-19, each figure should be separately labeled, such as FIG.17(A), 17(B), etc. Also, in the newly labeled figures 17-19, the label ---PRIOR ART--- should be added to each since only that which is old is shown. In order to avoid abandonment of the application, applicant must make these above drawing changes.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claimed invention sets forth a unique combination of joint member, wiper arm and wiper blade. In particular, a joint member with the various claimed structure including a fitting member and fixing member connected together at an end portion. This appears in distinction from the closest art, the Dal Palu reference, which has the connection portion along the side portion and not along the end portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary K. Graham whose telephone number is 571-272-1274. The examiner can normally be reached on Tuesday to Friday (7:00-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Monica S. Carter can be reached on 571-272-4475. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
